Upon logging into the NIHMS system, you will see your manuscript list. To begin a new submission, click Submit New Manuscript.
There are three methods you can use to supply the journal and title information for your manuscript.

**Option 1. Enter the manuscript and journal titles**
- **Manuscript Title**
- **Journal Title**

**Option 2. Search for citation in PubMed**

**Option 3. Find citation in My NCBI Bibliography**

**Option 1 - Manual input:** Type the manuscript and journal titles manually. Once you start typing a journal title, a drop-down will appear to suggest possible options based on your input. You can either select a suggestion, or keep typing to refine the list of results. If no suggestion matches the title of your journal, complete the manual entry.
Provide citation information using one of the options below.

Option 1. Enter the manuscript and journal titles

Option 2. Search for citation in PubMed

Option 2 - Search PubMed: This option allows you to search PubMed by PMID, manuscript title, or the author name(s). Once you input the string you want to use, click search for a list of results. Select your publication from the results list. The results lists also reveals if the manuscript was previously submitted by the publisher, or already in PMC.

Option 3. Find citation in My NCBI Bibliography

Option 3 - Import from My Bibliography: If you have a bibliography in My NCBI, you can select this option to browse your bibliography and select the publication from there. If you are not currently logged in through your My NCBI account, you will be prompted to do so upon selecting this option.
There are three methods you can use to supply the journal and title information for your manuscript.

**Option 1. Enter the manuscript and journal titles**
- **Manuscript Title**: Test Manuscript
- **Journal Title**: Nat
  - Nano letters
  - Journal of nanoscience and nanotechnology
  - Nanotechnology
  - Nan Fang Yi Ke Da Xue Xue Bao = Journal of Southern Medical University
  - Nanomedicine: nanotechnology, biology, and medicine
  - Small (Weinheim an der Bergstrasse, Germany)
  - IET nanobiotechnology / IET
  - Nanomedicine (London, England)
  - Wiley interdisciplinary reviews. Nanomedicine and nanobiotechnology
  - Nanotoxicology

**Option 1 - Manual input**: Type the manuscript and journal titles manually. Once you start typing a journal title, a drop-down will appear to suggest possible options based on your input. You can either select a suggestion, or keep typing to refine the list of results. If no suggestion matches the title of your journal, complete the manual entry.
Provide citation information using one of the options below.

Option 1. Enter the manuscript and journal titles

Manuscript Title *: Test Manuscript
Journal Title *: Nanotechnology

Once you have entered the title information or selected the publication, click [Add Funding] to proceed to the next step.

Option 2. Search for citation in PubMed
Option 3. Find citation in My NCBI Bibliography

Add Funding ➤
Add the relevant funding information by selecting the relevant grant from the suggested items (associated with your account), or searching by the PI's name and/or grant/project ID number.

Once again if you start typing a grant/project ID, a drop-down list of potential candidates will appear based on your input. You may select one of these suggestions if you see the grant you are looking for, or complete the manual input of the grant/project ID.
Once you have filled in the search form, click [Search] to display the list of results. Check the box in the “Select” column to add that grant/project to your list of funding support for the manuscript.

<table>
<thead>
<tr>
<th>Grantee/PI</th>
<th>Select</th>
<th>Grant/Project ID</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>Test Guy</td>
<td></td>
<td>R01 CA123456</td>
<td>Fake-ish Grant</td>
</tr>
<tr>
<td>PS NCBI</td>
<td>✔️</td>
<td>R01 CP654321</td>
<td>Another Phony One</td>
</tr>
</tbody>
</table>

Once you have entered the funding support, click [Upload Files] to proceed to the next step.
Upload your manuscript files here. You may submit your manuscript all in one file, or as separate files for each component. If providing separate files, please upload each file under the correct type (i.e. use type Figures for figures, type Table for tables, etc.).

Also please provide unique and descriptive labels for each file. We will use the labels to determine the figure placement in the PMC-ready documents, so correct labeling is important.

Use these links to add additional file fields as needed.

Once you have added all of the relevant files, click [Check Files] to proceed to the next step.
Please review the PDF-receipt, a summary document we generate so you can make sure your files uploaded properly and are all accounted for. Once you have confirmed that all required files were included, click [Set Reviewer & Embargo] to proceed to the next step.

You must review the PDF receipt file to advance to the next step.

If any files are missing, please return to Upload Files.

What should I look for in the PDF Receipt?

What if the figures appear corrupt or damaged in the PDF Receipt?

What if the PDF Receipt has not generated properly?
As an author on the manuscript, you are not required to select another author to review this submission and approve it for processing; you can do it yourself.

However, if you would like to set another reviewer, please provide his/her name and e-mail address here.

If you are proceeding as the reviewer, please set the embargo that is required by your publisher, and then click [Approve] to proceed.
Review of NIHMS submission

Submission Statement

Manuscript Title: Test Manuscript
Accepted for Publication in: Nanotechnology

I am an author of this manuscript, and I am providing it to the National Institutes of Health (NIH) available in PubMed Central 12 months after its official date of publication in the journal.

I confirm that:

Publication and Copyright Agreements — In any agreements that I have made with the journal, I have retained the right to deposit this version of the manuscript with PMC, so that it may be appropriately tagged and made available to the public on the PMC web site; or, I otherwise am legally authorized to deposit this manuscript for the purposes described.

Confidentiality — The manuscript contains no information that is not publicly disclosed prior to publication of the paper.

Peer Review — The version submitted for publication includes all modifications resulting from the peer review process.

Funding — The manuscript is in part, by direct costs funded by NIH.

If for any reason you disagree with the Submission Statement, select [Disagree], and you will be able to let us know what the issue is so we can help you work it out.

Please take a moment to read over our Submission Statement and certify that you have the rights to provide this manuscript for public access.

If you need to go back to change the reviewer, or the release date, you can do so using these buttons.

Otherwise, click [Agree] to finalize your approval and we will begin processing.
Please note the summary information for the submission you just made, and take a moment to review the next steps so you will know what to expect as we process your submission.

Thank you for the submission.

**WHAT'S NEXT?**

**Step 3**
NIHMS staff reviews the approved files for completeness, and complete submissions are converted to archival XML. The PMC-ready documents (Web and PDF versions) are checked to ensure they accurately reflect the submitted files. Processing time for this step is usually 2-3 weeks but may vary depending on the volume of submissions at a given time. An e-mail notification is sent to the Reviewer when the record is available for final review.

**Step 4**
The Reviewer reviews the PMC-ready documents (Web and PDF versions) and either requests corrections or approves them for inclusion in PMC. Final Approval is required to complete manuscript processing in NIHMS.

**Step 5**
A PMCID is assigned when the manuscript is matched to a PubMed record with complete citation information. For details, see [When will a PMCID be assigned to my manuscript?](#)
