Following its association with a PubMed record and your approval of the PMC-ready documents, your manuscript will be sent to PMC. If there is an embargo on the submission, the manuscript will not be publicly available until the embargo expires. You will receive an e-mail once your manuscript becomes available in PMC.

Thank You!

Status You have completed the final approval step of the NIHMS process.
Your manuscript will be made available in PMC **12 months after the final publication date.**

Note: If you have final citation information for this manuscript, you may provide it by clicking on the Provide Citation button and submitting the completed citation form.

WHAT'S NEXT?

Step 5

A PMCID is assigned when the manuscript is matched to a PubMed record with complete citation information. For details, see [When will a PMCID be assigned to my manuscript?](#)
