The NIH Manuscript Submission (NIHMS) system supports the deposit of manuscripts into PubMed Central (PMC), as required by the public access policies of NIH and other participating funders.

NIHMS supports a number of sign-in routes that reflect the different user groups. Click on the button relevant to your institutional affiliation to sign in with the corresponding credentials.

If you have previously signed in to NIHMS, it is important that you continue to use the same account going forward in order to access your submissions. If you sign in and do not see a submission that you previously accessed, it is likely the case that you have signed in using a different account. If you are not sure which sign-in route you last used, you can request an e-mail reminder or contact the Help Desk for additional assistance.
Use the PIV login by clicking here.... Or input your Agency credentials here.

HSPD-12 Access Cards
Insert your HSPD-12 access card in your smart card reader before you try to login.
