NIHMS supports a number of sign-in routes that reflect the different user groups. Click on the button relevant to your institutional affiliation to sign in with the corresponding credentials.

**Note:** EPA users must use Microsoft IE in order to sign in.

The NIH Manuscript Submission (NIHMS) system supports the deposit of manuscripts into PubMed Central (PMC), as required by the public access policies of NIH and other participating funders.

If you have previously signed in to NIHMS, it is important that you continue to use the same account going forward in order to access your submissions. If you sign in and do not see a submission that you previously accessed, it is likely the case that you have signed in using a different account. If you are not sure which sign-in route you last used, you can request an e-mail reminder or contact the Help Desk for additional assistance.
Click “More Choices.”
Select the PIV Authentication that matches your credentials.

Click “OK.”
Input your PIN and click "OK."
Once you are signed in, you will be taken to your Manuscript List. If you are signing in for the first time, you will be asked to complete and save your personal preferences before viewing this page. If you need to edit your preferences at any time, click on your name (in the upper right-hand corner of the page).
