NIHMS supports a number of sign-in routes that reflect the different user groups. Click on the button relevant to your institutional affiliation to sign in with the corresponding credentials.

The NIH Manuscript Submission (NIHMS) system supports the deposit of manuscripts into PubMed Central (PMC), as required by the public access policies of NIH and other participating funders.

## Manuscript Subm

If you have previously signed in to NIHMS, it is important that you continue to use the same account going forward in order to access your submissions. If you sign in and do not see a submission that you previously accessed, it is likely the case that you have signed in using a different account. If you are not sure which sign-in route you last used, you can request an e-mail reminder or contact the Help Desk for additional assistance.
